

2025 Bommarito Audi West County Gateway Cup

Event basics – Get Involved!

About the Bommarito Audi West County Gateway Cup

The event is comprised of four days of professional and amateur bicycle racing in four distinctive neighborhood locations across St. Louis City and County. Each day consists of 9 races for various categories of cyclist, the final two races each day are for professional Men and Women.

Professional bicycle racing is free to watch. The series attracts the top amateur cyclist from across the US as well as an international field of professional athletes. In addition to the competitive events, the series hosts a vendor village/Expo, daily Kids Races, and charity rides and events.

All four days of the Bommarito Audi West County are part of the USA Cycling Criterium National Series and the third day of the series, the Giro Della Montagna in the Italian Hill Neighborhood, is the final race on the American Criterium Cup calendar, the top professional series in the US.

Unlike other sports, Professional bike racing turns neighborhoods into stadiums, featuring local businesses and communities. There are a lot of ways to capture the energy of the race and make it a success for the region.

Come to the races and invite your friends. Every seat is a box seat.

Sponsor the race and get your business involved.

Volunteer and join the event production team.

Host a Team. Open up a guest house or room to a travelling athlete.

Get Active. Get your kids racing in our kids races or participate in one of our many rides and charity events that accompany the races.
